PREQUALIFICATION QUESTIONNAIRE

The City of Coronado, California, invites responses for:

CAYS SEWER MAIN CLEANING PROJECT

Contract No. 17-CO-ES-624

**REQUEST FOR PREQUALIFICATION OF BIDDERS COMMENCING
WITH FORTHCOMING PUBLIC WORKS BID**

Project Description: The City of Coronado's Cays Sewer Main Cleaning project is estimated to begin in January 2017. The project is to internally clean the existing force main and dispose of all solids and materials generated from the cleaning activities. The force main is a 12-inch diameter ductile iron pipeline (DIP). The pipeline is polylined and polywrapped. The force main is 3.6 miles in length and carries wastewater from the Coronado Cays Pump Station to the Glorietta Bay Pump Station. An external inspection conducted in 2011 found that the exterior of the pipeline was acceptable and no recommendations were made beyond future inspections. An internal inspection was completed in 2015 and found significant buildup of fats, oil, and grease throughout the pipeline estimated to total 84 cubic yards in volume. Access to the pipeline is limited to seven Air/Vacuum Assemblies (AVAs), two access vaults, and the exposed piping at the two pump stations. The majority of the force main is along relatively undeveloped land adjacent to State Route 75 and San Diego Bay and between two dense urban environments. The Contractor will be responsible for control of noise, odors, traffic, dust, handling of wastewater with no spills, temporary and permanent pavement replacement, and other items incidental to the cleaning activities. No work is expected on private property.

Site visits to walk the pipeline alignment and visit the pump stations will be scheduled and arranged by the City upon request.

Engineer's Estimate: \$300,000-\$400,000

Contractor California License Requirement: Class A

Contractors are required to possess a City of Coronado Business License prior to construction

Notice is hereby given that City of Coronado has determined that all bidders on the Coronado Cays Sewer Main Cleaning project must be prequalified prior to submitting a bid on that project. It is mandatory that all Contractors who intend to submit a bid fully complete the prequalification questionnaire, provide all materials requested herein, and be approved by City of Coronado to be on the final qualified bidders' list. No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid. The last date to submit a fully-completed questionnaire is August 31, 2016 prior to 4:00 p.m. Contractors are encouraged to submit prequalification packages as soon as possible, so that they may be notified of omissions of information to be remedied or of their prequalification status well in advance of the bid advertisement for this project.

Answers to questions contained in the attached questionnaire, information about current bonding capacity, notarized statement from surety, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required. City of Coronado will use these documents as the basis of rating Contractors in respect to the size and scope of contracts upon which each Contractor is qualified to bid. City of Coronado reserves the right to check other sources available. The City of Coronado's decision will be based upon objective evaluation criteria.

City of Coronado reserves the right to adjust, increase, limit, suspend, or rescind the prequalification rating based on subsequently learned information. Contractors whose rating changes sufficient to disqualify them will be notified, and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification rating.

While it is the intent of the prequalification questionnaire and documents to assist City of Coronado in determining bidder responsibility prior to bid, neither the fact of prequalification, nor any prequalification rating, will preclude City of Coronado from a post-bid consideration and determination of whether a bidder has the quality, fitness, capacity, and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness.

The prequalification packages should be submitted under seal to Engineering Department, 1825 Strand Way, Coronado, California 92118 and be marked "CONFIDENTIAL – Cays Sewer Main Cleaning Project – Prequalification" prior to 4:00 p.m. on August 31, 2016.

The prequalification packages (questionnaire answers and financial statements) submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in the appeal hearing. State law requires that the names of Contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose. Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify City of Coronado and provide updated accurate information in writing, under penalty of perjury.

City of Coronado reserves the right to waive minor irregularities and omissions in the information contained in the prequalification application submitted, to make all final determinations, and to determine at any time that the prequalification procedures will not be applied to a specific future public project.

Contractors may submit prequalification packages during regular working hours on any day that the offices of City of Coronado are open and prior to 4:00 p.m. on August 31, 2016. Contractors who submit a complete prequalification package will be notified of their qualification status.

City of Coronado may refuse to grant prequalification where the requested information and materials are not provided, or not provided by August 31, 2016. There is no appeal from a refusal for an incomplete or late application, but reapplication for a later project is permitted. The closing time for bids will not be changed in order to accommodate supplementation of incomplete submissions, or late submissions.

Where a timely and completed application results in a rating below that necessary to prequalify, an appeal can be made. An appeal is begun by the Contractor delivering notice to City of Coronado of its appeal of the decision with respect to its prequalification rating, no later than ten (10) business days after notification of prequalification status has been received. Without a timely appeal, the Contractor waives any and all rights to challenge the decision of City of Coronado, whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal and requests a hearing, the hearing shall be conducted so that it is concluded no later than five (5) business days after City of Coronado's receipt of the notice of appeal, and no later than five (5) business days prior to the last date for the receipt of bids on the project. The hearing shall be an informal process conducted by a panel to which the Coronado City Council has delegated responsibility to hear such appeals (the "Appeals Panel"). At or prior to the hearing, the Contractor will be advised of the basis for City of Coronado's prequalification determination. The Contractor will be given the opportunity to present information and present reasons in opposition to the rating. Within one (1) day after the conclusion of the hearing, the Appeals Panel will render its decision. It is the intention of City of

Coronado that the date for the submission and opening of bids will not be delayed or postponed to allow for completion of an appeal process.

Note: A contractor may be found not prequalified for bidding on a specific public works contract to be let by City of Coronado, or on all contracts to be let by City of Coronado, until the contractor meets City of Coronado's requirements. In addition, a contractor may be found not prequalified for either:

- (1) Omission of requested information; or
- (2) Falsification of information

PART I ESSENTIAL REQUIREMENTS FOR QUALIFICATION

1. Contractor possesses a valid and current California Contractor’s license for the project or projects for which it intends to submit a bid.
 Yes No

2. Contractor has a construction risk liability insurance policy with a policy limit of at least \$2,000,000 per occurrence and \$4,000,000 aggregate.
 Yes No

3. Contractor has current workers’ compensation insurance policy as required by the Labor Code or is legally self-insured pursuant to Labor Code section 3700 et seq.
 Yes No Contractor is exempt from this requirement, because it has no employees

4. Have you attached your latest copy of a reviewed or audited financial statement with accompanying notes and supplemental information?¹
 Yes No
NOTE: A financial statement that is not either reviewed or audited is not acceptable. A letter verifying availability of a line of credit may also be attached; however, it will be considered as supplemental information only, and is not a substitute for the required financial statement.

5. Have you attached a notarized statement from an admitted surety insurer (approved by the California Department of Insurance and authorized to issue bonds in the State of California), which states: (a) that your current bonding capacity is sufficient for the project for which you seek prequalification if you are seeking prequalification for a single project; or (if you are seeking prequalification valid for a year) (b) your current available bonding capacity?²
 Yes No
NOTE: Notarized statement must be from the surety company, not an agent or broker.

6. Has your contractor’s license been revoked at any time in the last five (5) years?
 Yes No

¹ Public Contract Code section 20101(e) exempts from this requirement a contractor who has qualified as a small business pursuant to Government Code section 14837(d)(1), if the bid is “no more than 25 percent of the qualifying amount provided in section 14837(d)(1).” As of January 1, 2001, the qualifying amount is \$10 million, and 25 percent of that amount, therefore, is \$2.5 million.

² An additional notarized statement from the surety may be requested by *City of Coronado* at the time of submission of a bid, if this prequalification package is submitted more than 60 days prior to submission of the bid.

7. Has a surety firm completed a contract on your behalf, or paid for completion because your firm was default terminated by the project owner within the last five (5) years?
 Yes No

8. At the time of submitting this prequalification form, is your firm ineligible to bid on or be awarded a public works contract, or perform as a subcontractor on a public works contract, pursuant to either Labor Code section 1777.1 or Labor Code section 1777.7?
 Yes No

If the answer is "Yes," state the beginning and ending dates of the period of debarment:

9. At any time during the last five (5) years, has your firm, or any of its owners or officers, been convicted of a crime involving the awarding of a contract of a government construction project, or the bidding or performance of a government contract?
 Yes No

Disputes

13. At any time in the last five (5) years has your firm been assessed and paid liquidated damages after completion of a project under a construction contract with either a public or private owner?

Yes No

If “yes,” explain on a separate signed page, identifying all such projects by owner, owner’s address, the date of completion of the project, amount of liquidated damages assessed and all other information necessary to fully explain the assessment of liquidated damages.

14. In the last five (5) years has your firm, or any firm with which any of your company's owners, officers or partners was associated, been debarred, disqualified, removed or otherwise prevented from bidding on, or completing, any government agency or public works project for any reason?

NOTE: "Associated with" refers to another construction firm in which an owner, partner or officer of your firm held a similar position, and which is listed in response to Question 1. c. or 1. d. on this form.

Yes No

If "yes," explain on a separate signed page. State whether the firm involved was the firm applying for prequalification here or another firm. Identify by name of the company, the name of the person within your firm who was associated with that company, the year of the event, the owner of the project, the project and the basis for the action.

15. In the last five (5) years has your firm been denied an award of a public works contract based on a finding by a public agency that your company was not a responsible bidder?

Yes No

If "yes," explain on a separate signed page. Identify the year of the event, the owner, the project and the basis for the finding by the public agency.

* * * * *

NOTE: The following two questions refer only to disputes between your firm and the owner of a project. You need not include information about disputes between your firm and a supplier, another contractor, or subcontractor. You need not include information about "pass-through" disputes in which the actual dispute is between a subcontractor and a project owner. Also, you may omit reference to all disputes about amounts of less than \$50,000.

16. In the past five (5) years has any claim **against** your firm concerning your firm's work on a construction project been **filed in court or arbitration**?

Yes No

If "yes," on separate signed sheets of paper identify the claim(s) by providing the project name, date of the claim, name of the claimant, a brief description of the nature of the claim, the court in which the case was filed and a brief description of the status of the claim (pending or, if resolved, a brief description of the resolution).

17. In the past five (5) years has your firm made any claim against a project owner concerning work on a project or payment for a contract and **filed that claim in court or arbitration**?

Yes No

If "yes," on separate signed sheets of paper identify the claim by providing the project name, date of the claim, name of the entity (or entities) against whom the claim was filed, a brief description of the nature of the claim, the court in which the case was filed and a brief description of the status of the claim (pending, or if resolved, a brief description of the resolution).

18. At any time during the past five (5) years, has any surety company made any payments on your firm's behalf as a result of a default, to satisfy any claims made against a performance or payment bond issued on your firm's behalf, in connection with a construction project, either public or private?

Yes No

If "yes," explain on a separate signed page the amount of each such claim, the name and telephone number of the claimant, the date of the claim, the grounds for the claim, the present status of the claim, the date of resolution of such claim if resolved, the method by which such was resolved if resolved, the nature of the resolution and the amount, if any, at which the claim was resolved.

19. In the last five (5) years has any insurance carrier, for any form of insurance, refused to renew the insurance policy for your firm?

Yes No

If "yes," explain on a separate signed page. Name the insurance carrier, the form of insurance and the year of the refusal.

Criminal Matters and Related Civil Suits

20. Has your firm or any of its owners, officers or partners ever been found liable in a civil suit or found guilty in a criminal action for making any false claim or material misrepresentation to any public agency or entity?

Yes No

If "yes," explain on a separate signed page, including identifying who was involved, the name of the public agency, the date of the investigation and the grounds for the finding.

21. Has your firm or any of its owners, officers or partners ever been convicted of a crime involving any federal, state, or local law related to construction?

Yes No

If "yes," explain on a separate signed page, including identifying who was involved, the name of the public agency, the date of the conviction and the grounds for the conviction.

22. Has your firm or any of its owners, officers or partners ever been convicted of a federal or state crime of fraud, theft, or any other act of dishonesty?

Yes No

If "yes," identify on a separate signed page the person or persons convicted, the court (the county if a state court, the district or location of the federal court), the year and the criminal conduct.

Bonding

23. Bonding capacity: Provide documentation from your surety identifying the following:

Name of bonding company/surety: _____

Name of surety agent, address and telephone number:

24. If your firm was required to pay a premium of more than one percent (1%) for a performance and payment bond on any project(s) on which your firm worked at any time during the last three (3) years, state the percentage that your firm was required to pay. You may provide an explanation for a percentage rate higher than one per cent, if you wish to do so.

25. List all other sureties (name and full address) that have written bonds for your firm during the last five (5) years, including the dates during which each wrote the bonds:

26. During the last five (5) years, has your firm ever been denied bond coverage by a surety company, or has there ever been a period of time when your firm had no surety bond in place during a public construction project when one was required?

Yes No

If "yes," provide details on a separate signed sheet indicating the date when your firm was denied coverage and the name of the company or companies which denied coverage; and the period during which you had no surety bond in place.

C. Compliance with Occupational Safety and Health Laws and with Other Labor Legislation Safety

27. Has CAL OSHA cited and assessed penalties against your firm for any “serious,” “willful” or “repeat” violations of its safety or health regulations in the past five (5) years? **NOTE: If you have filed an appeal of a citation, and the Occupational Safety and Health Appeals Board has not yet ruled on your appeal, you need not include information about it.**

Yes No

If “yes,” attached a separate signed page describing the citations, including information about the dates of the citations, the nature of the violation, the project on which the citation(s) was or were issued, the amount of penalty paid, if any. If the citation was appealed to the Occupational Safety and Health Appeals Board and a decision has been issued, state the case number and the date of the decision.

28. Has the federal Occupational Safety and Health Administration cited and assessed penalties against your firm in the past five (5) years?

NOTE: If you have filed an appeal of a citation and the Appeals Board has not yet ruled on your appeal, or if there is a court appeal pending, you need not include information about the citation.

Yes No

If “yes,” attach a separate signed page describing each citation.

29. Has the EPA or any Air Quality Management District or any Regional Water Quality Control Board cited and assessed penalties against either your firm or the owner of a project on which your firm was the contractor, in the past five (5) years?

NOTE: If you have filed an appeal of a citation and the Appeals Board has not yet ruled on your appeal, or if there is a court appeal pending, you need not include information about the citation.

Yes No

If “yes,” attach a separate signed page describing each citation.

30. How often do you require documented safety meetings to be held for construction employees and field supervisors during the course of a project?

31. List your firm’s Experience Modification Rate (EMR) (California workers’ compensation insurance) for each of the past three (3) premium years.

NOTE: An Experience Modification Rate is issued to your firm annually by your workers’ compensation insurance carrier.

Current year: _____

Previous year: _____

Year prior to previous year: _____

If your EMR for any of these three (3) years is or was 1.00 or higher you may, if you wish, attach a letter of explanation.

32. Within the last five (5) years has there ever been a period when your firm had employees but was without workers' compensation insurance or state-approved self-insurance?

Yes No

If "yes," please explain the reason for the absence of workers' compensation insurance on a separate signed page. If "no," please provide a statement by your current workers' compensation insurance carrier that verifies periods of workers' compensation insurance coverage for the last five (5) years. (If your firm has been in the construction business for less than five (5) years, provide a statement by your workers' compensation insurance carrier verifying continuous workers' compensation insurance coverage for the period that your firm has been in the construction business.)

Prevailing Wage and Apprenticeship Compliance Record

33. Has there been more than one occasion during the last five (5) years in which your firm was required to pay either back wages or penalties for your own firm's failure to comply with the **State's** prevailing wage laws?

NOTE: This question refers only to your own firm's violation of prevailing wage laws, not to violations of the prevailing wage laws by a subcontractor.

Yes No

If "yes," attach a separate signed page or pages, describing the nature of each violation, identifying the name of the project, the date of its completion, the public agency for which it was constructed; the number of employees who were initially underpaid and the amount of back wages and penalties that you were required to pay.

34. During the last five (5) years, has there been more than one occasion in which your own firm has been penalized or required to pay back wages for failure to comply with the **Federal** Davis-Bacon prevailing wage requirements?

Yes No

If "yes," attach a separate signed page or pages describing the nature of the violation, identifying the name of the project, the date of its completion, the public agency for which it was constructed; the number of employees who were initially underpaid, the amount of back wages you were required to pay along with the amount of any penalty paid.

35. Provide the **name, address and telephone number** of the apprenticeship program (approved by the California Apprenticeship Council) from whom you intend to request the dispatch of apprentices to your company for use on any public work project for which you are awarded a contract by *City of Coronado*.

36. If your firm operates its own State-approved apprenticeship program:

- a. Identify the craft or crafts in which your firm provided apprenticeship training in the past year.
- b. State the year in which each such apprenticeship program was approved, and attach evidence of the most recent California Apprenticeship Council approval(s) of your apprenticeship program(s).
- c. State the number of individuals who were employed by your firm as apprentices at any time during the past three (3) years in each apprenticeship and the number of persons who, during the past three (3) years, completed apprenticeships in each craft while employed by your firm.

37. At any time during the last five (5) years, has your firm been found to have violated any provision of California apprenticeship laws or regulations, or the laws pertaining to use of apprentices on public works? **NOTE: You may omit reference to any incident that occurred prior to January 1, 1998, if the violation was by a subcontractor and your firm, as general contractor on a project, had no knowledge of the subcontractor's violation at the time it occurred.**

Yes No

If "yes," provide the date(s) of such findings, and attach copies of the Agency's final decision(s).

PART III. RECENT CLEANING PROJECTS COMPLETED

39. Contractor shall provide information about its six (6) most recently completed pipeline cleaning public works projects within the last three (3) years.³ Names and references must be current and verifiable. At least three of the projects must be pressurized wastewater pipelines with a length of at least 1 mile and a diameter of at least 12 inches. The cleaning technology used for the project must be identified and before and after CCTV of the cleaned pipeline must exist or other measures to establish cleaning effectiveness must be available for review upon request. For the project to be considered complete, the cleaning operation must be completed and accepted by the project owner. Use separate sheets of paper that contain all of the following information:

A LIST OF THE SCORABLE QUESTIONS AND THE SCORING INSTRUCTIONS

The scorable questions arise in three different areas:

- (I) History of the business and organizational performance;
- (II) Compliance with occupational safety and health laws, workers' compensation and other labor legislation; and
- (III) Completion of recent projects and quality of performance.

The interview questions (interviews by the public agency of project managers on projects completed recently by the contractor) are included in Group III. In a prequalification procedure for a single project, this last category would also include a scoring of the number of recently completed projects that are similar to the project on which prequalification is at issue.

Note: Not all questions in the questionnaire are scorable; some questions simply ask for information about the contractor firm's structure, officers and history. This document includes only those questions that are "scorable." The question numbers in this document are the numbers used in the questionnaire. Thus, the questions included here begin with question number 5, and there are a few breaks in the numerical sequence.

The Scores Needed for Prequalification

To prequalify, a contractor would be required to have a passing grade within each of the three large categories referred to above.

For Section I, History of the business and organizational performance, the City will use the DIR recommended passing score of **57** on this portion of the questionnaire (of a maximum score of 76 on this portion of the questionnaire).

For Section II, Compliance with occupational safety and health laws, workers' compensation and other labor legislation, the City will use the DIR recommended passing score of **38** on this portion of the questionnaire (of a maximum score of 53 points on this portion of the questionnaire).

For Section III, Completion of recent projects and quality of performance, includes a series of interview questions, and may also include questions about recently completed (public or private) construction projects. For the interview questions, the City will use the DIR recommendation to interview project managers for the owners of two completed projects. The City will also use the DIR recommended scoring system that would allow a maximum score of 125 points for each interview. For these questions, the City will also use the DIR recommended qualification for a contractor whose score on each of two interviews is 75 points or more; a denial of prequalification for a contractor whose score on either interview is less than 55 points; and an additional interview with another reference if the score resulting from one interview is between 55 points and 72 points.

DIR makes no recommendation about how to score a contractor's answers about recently completed past projects. Because of the wide range of projects that a public agency may be planning, and the similarly wide range in the skills, abilities, and experience that a public agency will consider most important for a pending project, it is impossible to propose a useful model scoring system to apply to the answers given about a contractor's completed projects.

0 points for "Yes" and more than 6 such instances.*

Questions Concerning Recent Cleaning Projects Completed:
(One question, plus 14 interview questions)

Scoring of previous projects completed:

For prequalification for a single project that may require specific skills and capabilities, public agencies may choose to score contractors for the number of similar projects completed, and the degree of similarity between past projects and the planned project. DIR has not suggested any scoring for this aspect of the prequalification process because of the numerous possible variations in both the type of project to be built and the points of similarity between the pending project and past projects that may be significant to the public agency.

The highest possible score is 125 points. A score less than 55 points disqualifies a contractor from bidding on projects that are proposed by the City of Coronado. A score of between 56 and 75 indicates the City of Coronado should conduct an interview of another contact, that is, a manager of another completed project. A score of 75 or higher on each of two interviews is sufficient for prequalification.

Contractor shall provide information about its six (6) most recently completed pipeline cleaning public works projects within the last three (3) years. At least three of the projects must be pressurized wastewater pipelines with a length of at least 1 mile and a diameter of at least 12 inches. The cleaning technology used for the project must be identified and before and after CCTV of the cleaned pipeline must exist or other measures to establish cleaning effectiveness must be available for review upon request. For the project to be considered complete, the cleaning operation must be completed and accepted by the project owner.

5 points for either 5 or 6 projects for pressurized wastewater pipeline with length of 1 mile and diameter of at least 12 inches in the last three (3) years meeting all criteria above.

3 points for either 3 or 4 projects for pressurized wastewater pipeline with length of 1 mile and diameter of at least 12 inches in the last three (3) years meeting all criteria above.

1 point for either 1 or 2 projects for pressurized wastewater pipeline with length of 1 mile and diameter of at least 12 inches in the last three (3) years meeting all criteria above.

0 points for no projects for pressurized wastewater pipeline with length of 1 mile and diameter of at least 12 inches in the last three (3) years meeting all criteria above.

INTERVIEW QUESTIONS

The following questions will be used to interview randomly selected contacts from at least two completed projects. City of Coronado will conduct the interviews. No action on the contractor's part is necessary. These questions are included in the package given to the contractor for information only.

1. First, please give a brief description of the project.
2. Are there any outstanding stop notices, liens, or claims by the contractor that are currently unresolved on contracts for which notices of completion were recorded more than 120 days ago? (1 point for each is deducted from overall score; maximum amount to be deducted is 5 points.)
3. On a scale of 1-10, with 10 being the best, did the contractor provide adequate personnel? (Max. 10 points)
4. On a scale of 1-10, with 10 being the best, did the contractor provide adequate supervision? (Max. 10 points)
5. On a scale of 1-10, with 10 being the best, was there adequate appropriate equipment provided on the job? (Max. 10 points)
6. On a scale of 1-10, with 10 being the best, was the contractor timely in providing reports and other paperwork, including change order paperwork and scheduling updates? (Max. 10 points)
